# WINNEMUCCA MEDICAL EMERGENCY

*This is a life threatening injury or illness. One or more major body systems (Respiratory, Circulatory, and Neurological) are involved. This patient needs advanced life support (ALS). Definitive care for this patient is a Trauma or Burn Center. TIME IS OF THE ESSENCE! Air transportation should be considered early.*

**ALS AIR TRANSPORT** *Used for lengthy extrication of the patient, when terrain or road conditions restricts ground transportation.*

**Rotor Wing:** *150 mile response area based on one fuel cycle. If injury location is outside of response area helicopter will have to refuel en-route.*

Agency	Location	Contact	Patient Capability	Special Capacities
Life Flight	Boise	800-232-0911	1 – 1 pax ship	Night Flight
